

May 2025

It's here! Community Memorial Foundation is proud to share with you our 2024 Impact Report. Thanks to your generosity and support, we raised **\$1.3 million** and made significant strides in improving the health and well-being of our community. Look inside to see the full list of important accomplishments made last year, and how far your dollars went!

- **Zeiss Kinevo® 900 Neuromicroscope** optimizes magnification of delicate spine structures and more
- **Belmont Rapid Infuser** quickly delivers warmed blood and fluids to the body in emergency situations
- **Centurion Vision System** breaks up and removes cataracts
- **ICON Neolight Pediatric Retinal Camera** provides advanced imaging for our littlest patients in our Level III NICU
- **Harm Reduction Kits** provide resources for those battling substance use disorder

The progress detailed in our Impact Report is critical for our hospital and would not have been possible without your continued support. We are deeply grateful for the key role you play in making these advancements a reality for our patients and community.

Thank you for your commitment to our shared mission of providing exceptional healthcare for all. We look forward to achieving an even greater impact together in the coming year.

With gratitude,

Generous Donors & Powerful Results

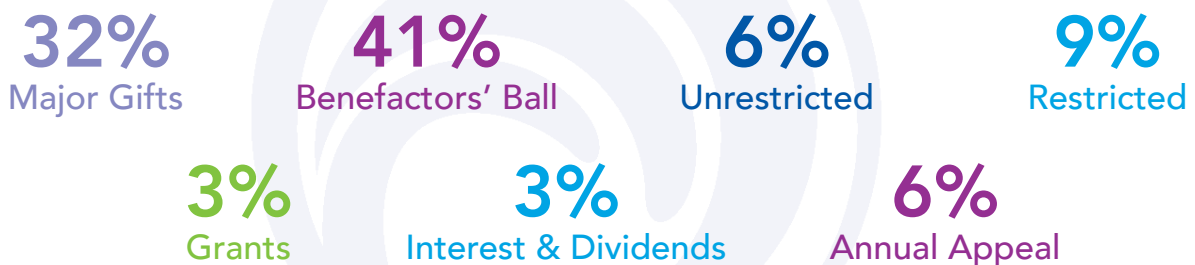

You Make the Difference

Community Memorial Foundation raises funds to support Community Memorial Hospital for its greatest needs, including the purchase or investment in leading-edge technology, vital equipment, education, programs, and services designed to better the health of our community. We've achieved a lot this past year thanks to donors like you. We welcome gifts of all sizes — there's no such thing as a small donation when it's coming from a big heart. Whatever you can give, it all adds up to a better, more efficient, and effective healthcare system.

Community Memorial Foundation 2024 Revenue Total: **\$1,310,792**

Foundation Purchases Courtesy of a Caring Community

In 2024, Community Memorial Foundation purchased \$915,520 in vital equipment for Community Memorial Hospital. These purchases will enhance the various tests and procedures our medical teams perform, allowing them to do their best work. Our generous donors help us take the best possible care of our community.

Centurion Vision System

Zeiss Kinevo 900®

Belmont Rapid Infuser

AccuVein®

ICON Neolight

Centurion Vision System

Powered by ultrasound technology, this surgical device breaks up and removes cataracts.

Zeiss Kinevo 900® Neuromicroscope

This microscope is used in neurosurgery for optimum magnification and visualization of delicate spine structures, blood oxygen levels, and more.

Belmont Rapid Infuser

Used for blood loss and hypothermia, this device rapidly delivers warmed blood and fluids to the body.

AccuVein® Vein Visualization Devices

This device enables clinicians to rapidly identify optimal vein targets for IV placement.

ICON Neolight Pediatric Retinal Camera

This advanced retinal imaging device yields exceptionally clear high-resolution images.

Harm Reduction Kits from Conejo Health

Offered anonymously throughout our facilities, these kits provide resources for individuals with substance use disorder.

Orthopedic Surgical Equipment

This equipment upgrades and expands our supply of available orthopedic surgical tools.

Supporting Critical Needs in Our Community

In addition to our Foundation's efforts, a dedicated team at Community Memorial focuses on building partnerships with local, state, and national organizations that fund programs aimed at expanding access to care, enhancing medical services, and supporting healthcare workforce development. In 2024, the team secured \$3.4 million to address critical healthcare needs — particularly for underserved populations in our community. Some of the programs supported through grant funding include the Caregiver Navigator Program, Substance Use Services, Diabetes Education, and the recruitment and retention of behavioral health staff in our Hospital and Health Centers across the region. These efforts not only sustain and grow essential services but also improve health outcomes across our county.
